

Kardia 12L

Make the Right Call,
Wherever Care Happens

For professional use only

Optimise Patient Experience

Kardia 12L Saves 30% per ECG Acquisition time compared to traditional 12-lead systems.

Streamlining your Workflow:

Eliminate the backlog and spend more time with your patient.

Patient Discretion:

No need to fully disrobe, maintaining dignity and reducing anxiety.

Simplified Design:

Patented single patient lead wire with 5 snap connectors for electrode replaces the "spaghetti" of 10-12 leads.

Reduced Friction:

Minimal training means any staff member can get a clean reading the first time.

Unmatched Portability

Breaking the Walls of the Clinic

The Kardia 12L moves with you, not the other way around.

Featherlight:

Only 135g (less than a canned drink) it fits easily in your pocket.

Cordless Freedom:

100% battery operated with long-life reliability.

New Revenue Stream:

Unlock profitable home ECG services.

True Portability:

Full 12-lead capability in primary care, pharmacy, or home settings.

True Home Care:

Avoid unnecessary hospital referral.

KardiaPro Centralised Workflow:

Instantly transfer and manage all home-visit ECGs through one secure, web-based portal.

Kardia 12L

Hospital-Grade Accuracy

The Easiest Way to Acquire a 12-Lead ECG

For professional use only
